General Notices

Greetings to my brothers and sisters ... in Whyalla, Port Augusta, and Wilmington. We excitedly look forward to meeting each of you as soon as we can, and to participating and serving in the church community! My name is Lee van Rossen, I am 27 years old and have been married to my wife, Sonja, for 5½ years. We have a beautiful daughter, Malia (pronounced like Maria but with an L instead of an R), who will turn 2 in January. Sonja and I met in Papua New Guinea as missionary kids, so we have rich histories for our ages. I am a self-professed nerd, enjoying video games, movies, and TV shows in my spare time, and Sonja is a trained hairdresser and avid crafter, but her true love is being a full-time Mum. We both love being parents and enjoy spending time with Malia (who loves lions, pandas, and hippos). We are honoured and thankful that you have trusted the Bishops to provide you with a graduate, and we greatly appreciate your prayers and support now and into the future.

God bless, Lee, Sonja, and Malia.

General Notices

CHURCH WALL Work is progressing re underpinning where Base concrete and support plinths have been poured. This requires 21 days to cure and consolidate.

The following is proposed due to circumstances that various sections to be placed under the control of a designated person (Leader) to be responsible for all requirements, being, labour, equipment and materials. A discussion will be held with the person who hopefully will accept the responsibility of the task.

In each case the Leader will contact the Project Manager for any major problems and financial requirements. There is to be no contact with Contractor, this is also the Project Manger responsibility. Each Leader is to arrange their own working bee's. Being a limited number of personnel available people can be involved in each section, but it is the Leader who has the responsibility.

The Sections are - 1- Refurbishing Bricks, 2-Front Fence, 3-Cross,Letters & Windows. It is hoped that personnel will assist in this system. Jim.
